A highly motivated and detail-oriented Software Engineering student specializing in **Artificial Intelligence** with a strong foundation in **full-stack development**. Skilled in developing web and mobile applications using modern programming languages and frameworks. Demonstrates exceptional **problem-solving abilities**, strengthened by freelance experience as a **draftsperson** delivering precise technical and CAD designs. Quick to learn and adapt to emerging technologies, with a strong passion for contributing innovative and practical software solutions in collaborative environments.

Skills

- **Programming Languages:** Python, JavaScript, SQL, HTML, CSS
- **Frameworks & Tools:** GitHub, React (basic), Android Jetpack Compose, AutoCAD
- **Core Competencies:** Software Development, Web Applications, Mobile Applications, Database Management, CAD Design
- Architectural drafting
- UI/UX design
- AutoCAD proficiency
- Leadership
- Problem-solving
- Multitasking
- Deadline oriented

- Verbal/written communication
- Teamwork and collaboration

Experience

Oct 2023 - **Design Draftsperson**

Current

K2n Architecture And Engineering Consultancy, Remote

- Enhanced design efficiency by streamlining drafting processes and implementing advanced software tools.
- Maintained strong client relationships through regular communication regarding design revisions and updates.
- Provided reliable technical support for colleagues encountering software or hardware issues, ensuring minimal downtime and impact on project timelines.

Jan 2023 - **Home Tutor**

Current

Individual Clients

- Helped students prepare for tests and exams by providing guidance, motivation, and encouragement.
- Developed student confidence through positive reinforcement strategies.
- Created lesson plans, review worksheets and practice tests to prepare students for weekly tests and quizzes.
- Communicated with parents and teachers on students' progress.
- Help students get scores that will help them join University

Apr 2025 - **Frontend Developer**

Jul 2025

HEN HAO TECH, Remote

- Utilized HTML, CSS, and JavaScript to create visually appealing and responsive web pages that met client requirements.
- Coded using HTML, CSS, and JavaScript to develop features for both mobile and desktop platforms.
- Worked closely with UX/UI designers to translate their designs into functional web applications.
- Utilized version control systems such as Git to track changes throughout the development process.
- Collaborated with back-end developers to improve website functionality and integrate new features.

Jun 2021 - **Volunteer**

Aug 2022

Mathios Wonda, Cancer Society

- Assisted with special events and programs.
- Maintained clean, neat, and operational facilities to serve program needs.
- Supported engaging, fun, and smooth-running events by helping with organization and planning.

- Used strong interpersonal communication skills to convey information to others.
- helped raise more than 10,000 ETB by selling books

Education

**Expected
in Jun 2027**

Bachelor of Science: Software Engineering

ADDIS ABABA INSTITUTE OF TECHNOLOGY(AAIT), AAU - Addis Ababa, Ethiopia

- Class representative for 6 consecutive semesters, 2023 to 2025
- Completed Coursework: Data structures and Algorithms , 2024
- Completed Coursework: Evangadi full stack development, 2025
- Professional Development Studies: Drafting using AutoCAD, 2025
- Merit Scholarship, 2025 from Webster University, USA
- IELTS Score 7

Oct 2022

High School Diploma

KIDANEIHRET SCHOOL - Addis Ababa, Ethiopia

- Taekwando competitor for Arefayne world taekwando club, 2016 to 2022
- Fundraising, Mathios wondu Cancer society, 2021 to 2022
- Event organizer, 2021 to 2024
- Club admin, Interact club of kidanemihret school, 2023

Community Volunteering

Through volunteer roles tutoring students and coordinating community fundraisers, I have developed strong problem-solving and project management skills. This drive to understand and resolve issues directly translates to a focused, user-centric approach in software development.
